FOR PRESIDENT,
WILLIAM HOWARD TAFT.

There were 1,620,766,000 pounds of butter, valued at \$405,000,000 produced on farm and in factories in the United States during the census year 1909, according to a statement issued by Director Durand of the Census Department.

The mathematical politicians of the two dominant parties are giving utterance to very pertinent statements these days concerning the results of the primaries in the different states as regards Taft.

The Despotism of Minorities.

Roosevelt, Champ Clark, Wilson, Underwood, Harmon, La Follette and Cummins. It is pointed out that in a majority of instances not more than 25 per cent of the actual vote of the states has been represented at these primaries. The remaining 75 per cent of the voters is to be heard from on election day. The problem with the politicians therefore is: "Do 25 per cent of the voters represent so far as the actual result on election day is concerned the remaining 75 per cent of the voters who did not take the time or trouble to make known their views at the primaries?" It is the old question of delegated government coming up in a new form, say these politicians. They declare that the preferential presidential primary does not represent the views of the majority of the voters any more than did the old primary system by which delegates to a state convention which named delegates to the national conventions were chosen.

SOME DON'TS FOR CLUB WOMEN.

- Don't educate your grocer before you educate yourself.
- Don't blame you can praise.
- Don't buy food exposed in dirty shops.
- Don't buy food where employees are unclean.
- Don't buy food where employees have no proper sanitary conveniences.
- Don't buy food where cats and dogs are allowed.
- Don't buy without reading labels.
- Don't buy "bargain counter" food.
- Don't buy without seeing food.
- Don't hide any evasion of Pure Food Laws which you find.
- Don't leave kitchen and ice chests to servants.
- Don't rest until your town has a salaried inspector.

LABELS.

The law requires all food manufacturers to label their products truthfully. Read the labels carefully. They are your protection from fraud. Study them and learn what is an honest label.

The labels must tell what is inside the package. If it is a compound, it must be so stated.

Read the small print, as it is often more important than the large. Does the label tell the truth about the contents of the package?

Don't buy foods and artificial color for foods containing chemical preservatives. The labels should tell. Glucose must not be corn syrup. Glucose is cheaper.

Unbleached flour is better for health than bleached.—Kentucky Health Board Bulletin.

"Pastor Russell," as he calls himself, who has succeeded to an unusual degree in thrusting himself upon public notice, and who always manages to do it in a way that pays handsomely, is going the round just now, advertising himself by posters, in the papers, and in other ways, as he proceeds. The Watchman reports that the Brooklyn Eagle is playing a pointed joke on him. From its account it seems that the eminent man left full reports of his movements and addresses to be delivered in certain places, these addresses to be given to the daily press in America at proper date to appear as if by cable. "With considerable enterprise the Eagle has secured papers from the points visited by Pastor Russell, and is printing in parallel columns the reports of what actually occurred alongside of the glowing accounts supplied to American papers." We are glad to assure all who are disposed to look upon this as a reproach to the church that Mr. Russell stands for himself alone, repudiating all the churches, and is no more a reputable representative of the church and of Christian thought and propriety than any other individual who might, for the lucre that is in it, march around the land advertising himself and trying to pose as a great teacher.

Senator Bradley is neither a prophet nor the son of a prophet, but, in predicting that Mr. Roosevelt will bolt unless he receives the nomination at Chicago he exposes himself to small danger of adverse criticism for essaying a role in which he is not experienced. The situation in Kentucky, where the Taft followers outnumbered two to one the Roosevelt representatives in the Republican State convention, and where the Colonel lays claim to all the instructed votes, conceding none to Mr. Taft differs no whit from that in every other State where conventions have been held and the result has gone against the Colonel. Design, not accident, has dictated this course. For even the Senator must admit, that the Colonel knows his Republican brethren from the South. If they stand pat for Mr. Taft, the Colonel will run as an independent. If, as is more probable, they desert Mr. Taft at the first opportunity, going over boots and breeches to the Colonel, he will then become the accredited Republican nominee. Mr. Roosevelt will bolt if he has to, but the chances are that he won't have to.

He may be a bit premature in counting his Kentucky chickens, but that they'll come home to roost alright, providing the roost is made "high" enough, is a reasonably fair inference.—Louisville Times.

The U. S. And No. 13.

It pursues us.
Every emblem employs it.
There were thirteen states.
And thirteen stars and stripes.
"E pluribus unum" contains thirteen letters.
The crown of liberty has thirteen stars.
The eagle holds a thunderbolt which has thirteen darts.
And an olive branch with thirteen leaves.
There are thirteen feathers in each of the eagle's wings.
Somebody with a good deal of time must have figured this out and it might look ominous.—Kansas City Star.

A VALID REASON.

Harpers Weekly.
"I married a sufferer," said Mr. Cholmondeley Ripplingate, of Hyde Park, "and for five years have found unpeakable happiness." "I'm glad to hear it," said the sufferer's leader. "Yes," said Ripplingate, "Mrs. Ripplingate has been in jail four years and three months altogether."

The U. S. WEATHER BUREAU

Says that the wet spell is over and we will now be permitted to enjoy spring. Kind of him, isn't it? Well, nearly everybody likes to "spruce up" in spring; repair the porches, put up screens, put a window in a dark room or maybe put in a new front door. It makes no difference whether it's a single board or an entire building we can furnish it.

KNOWS NOW

Doctor Was Fooled By His Own Case For a Time

It's easy to understand how ordinary people get fooled by coffee when doctors themselves sometimes forget the facts.

A physician speaks of his own experience: "I had used coffee for years and really did not exactly believe it was injuring me, although I had palpitation of the heart every day. (Tea contains caffeine—the same drug found in coffee—and is just as harmful as coffee.) "Finally one day a severe and almost fatal attack of heart trouble frightened me and I gave up both tea and coffee, using Postum instead, and since that time I have had absolutely no heart palpitation, except on one or two occasions when I tried a small quantity of coffee, which caused severe irritation and proved to me I must let it alone.

"When we began using Postum it seemed weak—but because we did not make it according to directions—but now we put a little bit of butter in the pot when boiling and allow the Postum to boil full fifteen minutes, which gives it the proper rich flavor and the deep brown color.

"I have advised a great many of my friends and patients to leave off coffee and drink Postum, in fact I daily give this advice." Name given by Postum Co., Battle Creek, Mich.

Many thousands of physicians use Postum in place of tea and coffee in their own homes and prescribe it to patients.

"There's a reason," and it's explained in the little book, "The Road to Wellville," in pkg.

WOMAN ESCAPES DREADFUL OPERATION

How She Was Saved From Surgeon's Knife by Lydia E. Pinkham's Vegetable Compound.

Mogadore, Ohio.—"The first two years I was married I suffered so much from female troubles and bearing down pains that I could not stand on my feet long enough to do my work. The doctor said I would have to undergo an operation, but my husband wanted me to try Lydia E. Pinkham's Vegetable Compound. I took three bottles and it made me well and strong and I avoided a dreadful operation. I now have two fine healthy children, and I cannot say too much about what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. LEE MANGES, R. F. D. 10, Mogadore, Ohio.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use saline, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without straining.

The remedy that fills all these requirements, and has in addition tonic

properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like A. B. Tigert, Oaklawn Farm, Newbern, Tenn., and Mrs. Lizzie S. Brooks, Paris, Ky., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

OUR

WEEKLY SPORT LETTER

BY C. H. ZUBER.

CINCINNATI, O., May 24th, 1912.

The fight for honors in the National League continues to be a two-club affair, with the Reds and the Giants alternating in first place.

The series of games with the New Yorks, which closed on Wednesday, drew out the largest audiences on their respective days that have ever witnessed games in this city.

Begging on Saturday, every day established a new record for the particular day of the week on which the game was played, the Saturday and Sunday audiences being particularly in advance of any crowds ever seen at the local park on those respective days.

So far as the two teams are concerned, the only advantage the Giants seem to have over the Reds is in the matter of their pitching staff, although the games played here have not shown any extraordinary weakness on the part of the Reds' twirlers.

One gratifying feature was demonstrated by the contests, and that was that the Reds no longer fear the mighty Mathewson, who doesn't seem to be quite as mighty as he formerly was. From now on they expect to win a goodly number of games off the former Peerless One.

Although the Reds have already demonstrated their strength as a road team, they will have a further test during the next few weeks. The team is now off on a tour covering a period of about a month, during which time they play in every city on the National League circuit.

So far they have broken even in Pittsburgh and Chicago, and have won four straight games from St. Louis, their road record being six games won and two lost. A team that can win one-half of its games abroad is supposed to be going some; so it would seem that the Reds are striking up a lively pace on tour.

There are quite a number of optimistic fans who believe the Reds will win the National League pennant, although no such claims have been advanced by management. But in the matter of hoping, everybody's doing it.

The Reds first Sunday game at home after their present tour, will be played on June 23, with the Cardinals as their opponents.

That certainly is an unusual condition that was created when President Ben Johnson, of the American League, read the entire Detroit team out of the business for going on a strike because Ty Cobb was suspended indefinitely for assaulting a spectator in the grandstand at New York. The fact that Cobb had ample provocation for his act did not justify him in taking the law into his own hands, especially when he could have secured protection by appealing to the umpire.

While the action of the players in refusing to go on the field until Cobb was reinstated may be looked upon as loyalty, it would seem that they owed even greater loyalty to the club owners who employ them. There is talk of an effort to call a general strike of ball players. If this is done, the players will lose out eventually—and down will go salaries.

Cincinnati is getting ready for the opening of the local racing season. Over at Latonia hundreds of men are busy preparing the famous track for the spring meeting of 24 days, which opens on Decoration Day.

The racing held in Kentucky so far this season would indicate that the sport is cleaner and better this year than it has been in many seasons, and the fact that the public has confidence in the sport and its management is bringing out as good a class of people as attended the turf events before the bookmakers secured control of them.

Now that the bookies have been superseded by the honest betting machines, the sport again is coming into its own.

SOON BE TIME TO DIP SHEEP

The sheep owner who does not use a disinfectant dip is throwing away profits. You might almost as well not shear your sheep as not to dip them. Dipping sheep in Kresol-Dip kills every form of parasitic life—mites, fleas, and the inevitable germs of disease. It is far better for the fleece and safer for the sheep than lime and sulphur or tobacco dips. Although it is more powerful than carbolic acid, a sheep might swallow a quart of Kresol-Dip solution (1 part Kresol-Dip to 100 parts water) without injury. Kresol-Dip can be used wherever a strong disinfectant, insecticide or germicide is needed. Far better than carbolic acid, copperas or chloride of lime. Kills lice and fleas on poultry and stock; cures cholera in hogs or poultry and has a wider general usefulness than any other preparation of the kind. Let us give you some printed matter.

Johnny Kilbane, the featherweight champion, made an easy mark of young Burns, who met him in a ten-round contest in New York last week. There were those who had declared that Kilbane's victory over Attili was more or less of a fluke, and that Burns, who had but lately graduated from the Ban tam class, would show up the Cleveland lad.

But when Kilbane got working he made a show of his opponents. There doesn't seem to be anybody hanging around loose at present who can take Kilbane's measure, unless Attili should find the spirit of youth up there in the California mountains and succeed in keeping it in his camp.

W. A. Prendergast, controller of New York City, has been selected to nominate Roosevelt before the Republican National Convention in Chicago next month.

Friends of Harry Bailey, the brilliant young Cynthianian, are quietly inaugurating a boom for him for the Republican nomination for Congress in the new Ninth District, of which Montgomery is now a part. The Hon. Harry is one of the most popular young men in this section of the state and widely known. He would certainly prove a guiding spirit to the "new Democratic baby" and lead it into different paths from those which its origin suggests.

—Mr. Sterling Gazette [Rep.]

Mr. Bailey deserves all the nice things The Gazette says of him. He has ever been a faithful Republican, working for the best interests of his party, and the Republicans could not nominate a better man for Congress. Of course we Democrats would defeat him if possible, but he is the kind of thorough-going Republican who deserves recognition from his party.—Cynthiana Democrat.

LEXINGTON BADLY SWATTED

Maysville Had a Lot of Fun and Took an Easy One From the Colts

Today's Lexington Herald.

Thursday's game between Lexington and Maysville might well have been termed a "Comedy of Errors," but Maysville men were the only ones who could see any comedy in it, as they had the long end of a 13 to 4 score.

Wellman pitched a steady game for the Rivermen, though he was almost forced to retire in the seventh when Rosenfield slammed one at him, which came near going all the way through him. He stopped it with one hand.

Unseen Danger

The shriek of a locomotive is a warning of immediate danger so great that it must be heeded, but many people face other dangers as great without knowing it.

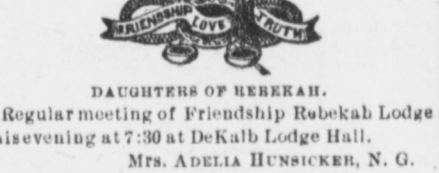

H. Lloyd of Mt. Vernon, N. Y., writes about a recent experience as follows: A generally debilitated condition of the system, which had lasted for two months and was growing worse, impressed on me the necessity of using a good strengthening tonic. Vinol was my choice because I had heard so much of it, and I am pleased to say it has fulfilled every recommendation. I have regained my usual strength, and other members of the family have also found Vinol very beneficial.

If you are fagged out and weak, have poor appetite, sleep badly or are in low spirits, then you should heed the warning and begin promptly to build up your strength with Vinol. It renews and enriches the blood, and brings back your old-time vigor and vitality. You can use Vinol at our risk, for we guarantee it to help you. J. C. Pecor, Druggist, Maysville, Ky.
